

Sharing Your Health & Care Information

The Somerset Integrated Digital e-Record (SIDeR) is a safe way for health and social care staff to access all your health information from different care organisations in one place. SIDeR holds information about you such as:

Who will be able to see your information?

Only health and social care staff directly dealing with your care will see your record.

How will it benefit you?

It allows care professionals, such as GPs, nurses and social workers, to access the right information at the right time to provide you with the right care faster.
